SUMMARY I am a Mechanical Engineer who made a career switch to Web Development. I had experiences with Wordpress and realized I would like to work in tech. Since August 2021, I am improving my skills on HTML, CSS, BOOTSTRAP, JAVASCRIPT, REACT, TAILWIND. My personality characteristics are; empath, self motivated, researcher and calm. I have no military obligation. I would like to be a part of your team without any payment to perform my skills as long as improving myself. No problem with working on Remote or in office. You can see my personal portfolio on sinans.dev. I have 7 years of driving experience.
